

2024-2025 Teacher and Student Success Act Plan

For the 2024-2025 school year, Noah Webster Academy will use the Teacher and Student Success Act (TSSA) funding to enhance learning in the classroom by:

- Increasing salary to classroom teachers.
- Reducing scholar to adult ratio in the classroom by providing teaching assistants in the classes.
- Paying for a school social worker who will provide individual and small group support.

We do not plan to carry over any funds. If this does happen, it will not exceed 10% of allocation.
