	Salt Lake Arts Academy	Version 1
	Policy Title: Elementary and Secondary School General Core	Effective Date: 2.24.2025

Salt Lake Arts Academy (SLArts) follows the guidelines set forth in R277-700.

The Salt Lake Arts Academy (SLArts) will ensure that our school prepares all students to be college and career ready. Students at every grade level will have access to a quality education, based on common standards and strategies, which supports high academic achievement. SLArts is committed to providing students with equal access and equal opportunity and therefore does not discriminate on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sex, sexual orientation, or veteran status in its programs or services.

The purpose of this policy is to affirm that SLArts will provide instruction and resources that support student success by providing an educational program that meets or exceeds the legal standards for elementary and secondary schools. School-wide efforts will focus on addressing the needs of a wide variety of learners through rigorous curriculum, clear and high expectations for students, differentiated and sheltered instruction, and support for culturally and linguistically diverse students.

Culturally sustaining pedagogy, technology, social-emotional learning opportunities, and prevention of high-risk behaviors will be integrated throughout the curriculum. Curriculum, assessments, and instruction are aligned with college and career readiness outcomes and state requirements. All curriculum-related board policies and decisions will be implemented throughout the district.

Minimum standards and expectations for teaching and learning are aligned with the Utah Core Standards as determined by the Utah State Board of Education. SLArts' Administration are responsible for ensuring approved resources, curriculum, and programs are utilized in all classes. The board and district employees may adopt additional standards and expectations that extend and enrich the district's curriculum. The following is a comprehensive list of our core classes:

- Library Media (5-8)
- Career and Technical Education (7-8)
- Mathematics (5-8)
